**Bright Ideas Fund**

**One Community, 13 Railway Street  
HUDDERSFIELD HD1 1JS**

## About us

We are a team of people brought together by two local organisations:

- One Community – a charity which encourages local giving and provides grants to support local voluntary activity.
- I'm In Kirklees – a Cities of Service programme, focused on impact volunteering, making a measureable difference to people's lives.

# Got a bright idea that can make a difference? We can make it shine

Lots of people have bright ideas to do things differently, to make people's lives better or simply to spark innovation in our communities.

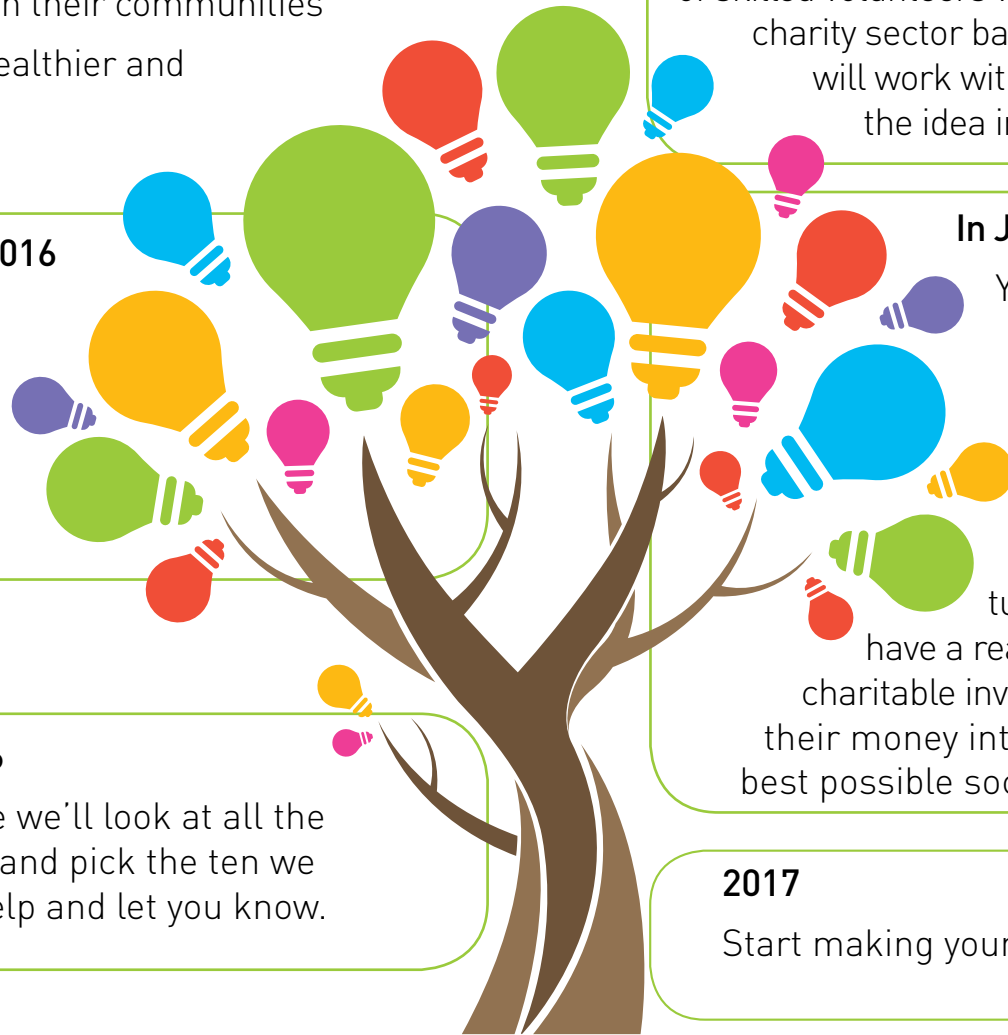

Bright Ideas is a project that will match these great ideas with people who have the skills, experience or passion to make them happen – and even the money to get things moving.

# Here's how it works...

## Your idea should help either:

- younger people take a lead in their communities
- older people to stay fitter, healthier and more independent

**Between 15th October and 31st December 2016**

We will match these ideas to 10 small teams of skilled volunteers with business, public and charity sector backgrounds. These people will work with you or your group to turn the idea into a full proposal.

1

**By 30th September 2016**

Just tell us your bright idea and the difference it will make in about 100 words.

**In January 2017**

You and your team will then pitch ideas to our fund donors who will weigh up which ideas to put their cash and contacts behind. These will be the ideas they think can turn into smart projects that have a real impact. Fund donors are charitable investors who want to invest their money into projects that give the best possible social return.

**By 15th October 2016**

After the closing date we'll look at all the ideas we've received and pick the ten we most think we can help and let you know.

**2017**

Start making your bright idea real!
