

**Give Locally...**

# Endowment match funding challenge

We will match your charitable donation £1 for £1

## **Give Locally**

### Improving the lives of people in your community

For a limited time, One Community, the Kirklees Community Foundation, can offer donors a 100% match when making a donation to establish a fund with the Foundation. 'Give Locally' is an exciting programme designed to increase the impact of your giving and change local communities for the better.

One Community, the Kirklees Community Foundation, is here to help you support your community, and the many voluntary groups operating locally.

The Foundation was established in 2010, and is a part of the UK Community Foundation network, which comprises of 46 UK Community Foundations. We have been quality accredited by the UK Community Foundation, through external assessors to standards endorsed by the Charity Commission.

One Community manages funds on behalf of a wide range of donors who want their charitable giving to be simple, accessible and effective.

Through working with donors, we are able to provide knowledge and experience of local organisations and their activities, and help to direct donor funds to where they are needed most.

#### **The benefits of giving as a match funding donor:**

## One Community

Helping you support local voluntary activity

### A 100% match on your charitable donation

The Give Kirklees Endowment Match Funding Challenge allows you to create your own named personal endowment fund, allowing you to create a lasting legacy for Kirklees. A fund could be created for you, your family, your company, or your organisation.

### It's simple

Your contribution + match funding + Gift Aid + tax relief = a bigger fund to provide help to those who need it, now and in the future. With your support we can help many more communities address important local issues.

### How can I donate?

A fund can be established with a donation of your choosing, but only the first £50,000 will qualify for match funding. The money you donate is invested, growing over time to benefit local voluntary organisations, now and in the years to come. Setting up a fund allows you to give in a straightforward, meaningful and rewarding way, that suits your wishes and means.

It is like having a charitable trust, but without the administrative and regulatory burdens. We handle the correspondence, compliance, governance and investments. The Foundation utilises CCLA Investment Management, for its solid investment record in the charity sector. You benefit from our expert community knowledge. We make giving easy; making sure that your fund helps voluntary groups that most need support.

### **Effect of a £25,000 donation by a 45% tax payer**

***Creating a fund with a value of £56,250 for just £17,187***

- 45% tax payer can claim tax relief of £7,812.50
- Donation of £25,000 costs the donor only £17,187.50
- **AND under the One Community Match Fund programme we will match fund your initial donation of £25,000**
- Gift Aid of £6,250 is then added to your donation

## We make community giving simple and effective...

With so many local voluntary groups and charities, it is not easy knowing where to start with your charitable giving. Our expert, local knowledge means that we can provide you with all the information you need, whether it be about local needs, what groups are tackling which themes, or working in specific areas. We can setup your charitable fund quickly, and help to ensure that your giving is targeted and effective.
